Together we can make a difference.

As agents with Keller Williams Realty, we spend our days working to help families find homes and build communities. That's why we are so passionate about giving where we live. There are so many ways we can make a difference and help those who may need it the most!

With that spirit in mind, we would like to invite you to participate with us in the first annual Keller Williams Realty **RED** Day on May 14, 2009. On that day, Keller Williams Realty agents across North America are partnering with our families, friends and business associates to volunteer in our community.

Keller Williams Realty is the third largest real estate franchise in the United States! Can you imagine what more than 74,000 individuals working together on **RED** Day can accomplish?

Together we *will* make a difference.

Our Southlake Keller Williams office is supporting the following local charities for **RED** Day:
